About our Network Summit

CIS-VA's annual Summit convenes more than 200 school-based and affiliate staff to engage in dynamic learning opportunities, collaborate with peers and gain the latest knowledge and best practices in integrated student supports. Our teams leave the annual summit energized and prepared to serve their students, families, schools and communities with innovation, passion and vision.

Sample session topics:

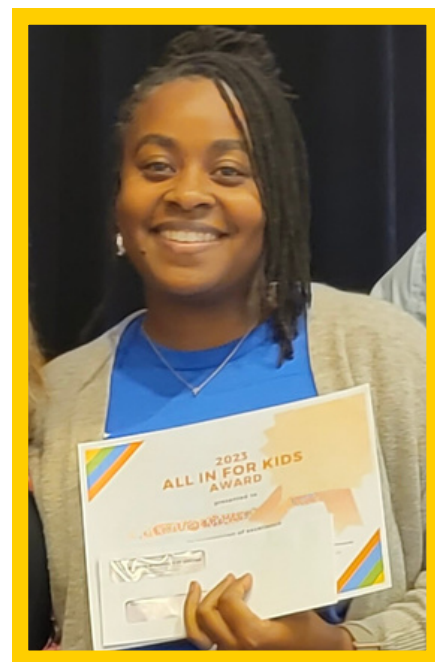

- Family Engagement
- Supporting grief and trauma
- Social-emotional learning strategies
- Workplace mental health
- Healing-centered engagement
- Attendance strategies

About the All In for Kids Awards

CIS-VA's annual All In For Kids Awards celebrate excellence, innovation and impact of affiliate team members at all levels. A peer nomination process encourages coordinators to recognize colleagues for impactful traits such as team-building, leadership and wisdom. This year, CIS-VA will present the inaugural Dan Domenech Champion for CIS Award to a school division or community leader who has demonstrated significant commitment to investing in and advocating for the work of CIS in their community.

All In For Kids Awards Dinner attendees will include conference attendees, district leaders, board members and state-level partners.

Impact of your support

Our network's strength lies in our commitment to excellence and fidelity to CIS's evidence-based model. The annual Summit is the singular opportunity for school-based professionals to come together to learn, celebrate excellence and reflect on the urgency of CIS's mission. Your partnership has a ripple effect that travels to schools throughout the commonwealth, helping set our students and communities up for success.
